POLICEMEN, RETIRED, TO FIGHT IN COURTS FOR THEIR OLD JOBS

Inspector Druhan, Capts. Kenny and Reynolds and Detective-Sergeant Price Join Hands in Mandamus Suit for Reinstatement to Duty.

EIGHT MORE MEN SHELVED BY THE COMMISSIONER.

He Gives Warning to Officers Seeking Promotion That the Exercise of a "Pull" Will Be Regarded As a Black Mark Against the Applicant.

The first move for reinstatement of many of the police officers who O'Brien, of No. 121 Rose street, at the were retired by Commissioner McAdoo was made to-day in Brooklyn, when corner of Catharine and Water streets a lawyer was retained to prepare an application for a writ of mandamus to compel the Commissioner to show cause why he should not reinstate Inspector Druhan, Capt. Kenny, Capt. Reynolds and Detective-Sergt. Joseph Price. Application for the writ will be made to Justice Marcan in Special Term of the Supreme Court.

The four officers concerned have joined hands in the fight for their fobs. They say that they were recently examined and passed for life insurance by reputable physicians and can show that they are physically able to do police duty

After careful consideration of Commissioner McAdoo's order removing two inspectors, ten captains and forty-five sergeant for physical disability yesterday, the Police department politicians have figured it out as a move to down McCarren in Brooklyn at the next primaries, and to put in the police department a lot of new captains favorable to the administration. It is an open secret that the Police Department is against Mayor Me-

Clelian. Charles F. Murphy knows it; so do the Republican leaders. It is cattle steamer which enabled him, to estimated that the Police Department controls 30,000 votes. Practical Republican politicians have been talking to leaders among the policemen about

Commissioner McAdoo to-day ordered Acting Capt. Raphael Schulum to relinquish command of the Elizabeth street station to Acting Capt. Jacob Brown. Chinatown is in the Elizabeth pireet precinct. The Ambassador expresses satisfaction with this arrangement and particularly impresses upon Mr. Loomis the necessity of not delaying the squadron later than next month because of the French law, which does not permit human remains to be kept above ground for more than a very limited period of time, which period will expire in June. BELMONT PARK RACE TRACK, N.
Y., May 10.—Trainer Rogers breezed Artful and Tanya here this morning, and it just seems to be play for these two great fillies to do what an ordinary horse has to extend himself to do. Tanya in particular is just about as fit as she can be made, and when she starts the public will see a real race horse in motion. Artful is not so far advanced as Tanya.
